Compact and versatile. The most compact and versatile solution to cool, create fog effects, humidify, suppress dust and odours in small and medium sized areas. Wide variety of accessories and types of lines configurable as required.

**HIGHLIGHTS**

- Detail of discharge valve
- Detail of remote fitting for connection to an external
- Detail of brass head
- Optional with stainless steel inlet water kit 3 year warranty

**TECHNICAL DATA**

Frame: in galvanized steel sheet and painted cover
Electric pump: 1450rpm, 230V-50/60Hz with axial pump, 3 ceramic tipped pistons and brass head
Unloader valve
LP solenoid valve: 230V-50/60Hz, inlet water
HP solenoid valve: 230V-50/60Hz to discharge the HP (inactives only if connected to a remote control)
LP pressure switch due to lack of water
Electrical panel complete with ON/OFF thermal cutout, electronic board for management of anti-drip and timer system
Dimensions: Width: 660 x 300 x 300mm

**FOG 60**
